

# Lower outdoor lighting bills starting January 2024

The Florida Public Service Commission (PSC) approved Tampa Electric's request for 2024 rates. Here's why bills will change:

**Fuel**  
Lower costs for natural gas will be reflected in 2024 bills. Natural gas is used in power plants to make electricity, and the cost is passed to customers with no markup or profit. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

**Storm Surcharge**  
The temporary storm charge, which collects funds to pay for restoration efforts and to replenish the company's storm reserve, will decrease in 2024. These costs will be spread across the entire year.

**Continued Investments in Solar**  
We continue to invest in solar projects, contributing to a cleaner energy future and reducing our use of fuel to generate electricity. From 2017 to 2023, Tampa Electric's solar generation has saved our customers approximately \$200 million in fuel costs.

**Want to know more?** If you are interested in more details about the components of your bill, please visit [TampaElectric.com/AboutMyBill](http://TampaElectric.com/AboutMyBill). Visit [TECOaccount.com](http://TECOaccount.com) to view your bill online.

**We're here for you.** Please visit [TampaElectric.com/RateCommunications](http://TampaElectric.com/RateCommunications) for more information. To speak with a representative, call **888-223-0800** on weekdays from 7:30 a.m. to 6:00 p.m.
