

Tampa Electric Seeks Approval For Rate Adjustment

On April 2, 2024, Tampa Electric Company petitioned the Florida Public Service Commission (“PSC or Commission”) for an increase in its permanent base rates and miscellaneous service charges. The company’s last request for a base rate increase was filed in April 2021.

Tampa Electric is dedicated to delivering dependable, affordable power and a seamless energy experience for every customer, today and in the future. An increase in our base rates is necessary to meet growing energy demands in our service area and prepare for evolving risks like extreme weather and cyberattacks, while being focused on the long-term affordability of customers’ bills. We’re investing in grid modernization, adopting smart technologies and streamlining our operations for efficiency to ensure we continue to provide the

safe and reliable electricity our community has depended on for 125 years. These efforts can also translate into lower electricity bills for customers over time.

A more complete description of Tampa Electric’s request is provided in the petition and direct testimony of Tampa Electric witnesses, and the detailed data supporting the request is contained in the Minimum Filing Requirements (“MFRs”), all of which were submitted to the Commission in the proceeding.

A copy of Tampa Electric’s entire rate request filing with the Commission, including a complete set of MFRs, is available for inspection at [TampaElectric.com/2025Filing](https://www.tampaelectric.com/2025Filing).

Service Hearings

The Commission has scheduled the following in-person and virtual service hearings to provide interested Tampa Electric Company customers with an opportunity to speak about the company’s quality of service and the requested rate increase:

Virtual Hearings

Monday, June 10 at 6:00 p.m.

Tuesday, June 11 at 2:30 p.m.

In-person Hearing*

Thursday, June 13 at 10:00 a.m.

Hillsborough Community College - Brandon Campus

About the Rate Review Process

Unlike the prices of many essential items that can change at any time, the amount you pay for electricity is closely regulated, with rate changes requiring approval from an independent regulator - the Florida Public Service Commission. The Commission's mission is to facilitate the efficient provision of safe and reliable utility services at fair prices. This means the Commission oversees all rates and charges for electric service provided by utilities, such as Tampa Electric Company. To adjust rates, utilities must file a request with the Commission, which conducts

a review process that mirrors a legal proceeding with testimony and formal hearings.

A summary of Tampa Electric's rate request and copies of supporting documents are available at [TampaElectric.com/2025Filing](https://www.tampaelectric.com/2025Filing). The Petition & Minimum Filing Requirements can also be found on the Commission's website at [FloridaPSC.com/Clerks-Office-Dockets-Level2?DocketNo=20240026](https://www.floridapsc.com/Clerks-Office-Dockets-Level2?DocketNo=20240026)

Timeline of Activities

The Commission has established the following dates to govern the key activities of the process:

Quality of Service Hearings	June 10, 11 and 13, 2024
Technical Hearing	August 26 - 30, 2024

The rate review process generally takes the better part of a year, and additional activities will be posted publicly on the Commission's website as scheduled.
