

Tampa Electric seeks approval to lower bills starting in June

Due to continued low natural gas prices, Tampa Electric has requested the Florida Public Service Commission (PSC) approve a fuel cost reduction beginning in June 2024. This would be the second reduction in 2024.

Why fuel costs impact electricity bills.

Fuel, such as natural gas, is used to generate power. The **fuel charge** on your monthly bill covers the cost of the fuel used to produce the electricity you purchase. Fuel costs are passed through to customers with no markup or profit to Tampa Electric. Like other utilities, Tampa Electric adjusts the fuel charge annually. Fuel costs can fluctuate with the market and other factors. Because of this, when costs are expected to change significantly (generally + or - 10%), utilities can request an additional adjustment.

Want to know more?

If you are interested in more details about the components of your bill, please refer to the Understanding Your Charges on the back of your bill. You can also view your bill online at TECOaccount.com.

We're here for you.

Please visit TampaElectric.com/RateCommunications for more information. To speak with a representative, call **888-223-0800** on weekdays, 7:30 a.m. to 6:00 p.m.
