TAMPA ELECTRIC COMPANY
APPLICATION FOR UNDERGROUND SERVICE IN AN OVERHEAD AREA

NAME OF APPLICANT: _____   DATE: _____

SERVICE ADDRESS: _____

The Applicant requests Tampa Electric Company (the "Company") to furnish underground service from overhead facilities described as follows:

_____

_____

_____.   The Applicant agrees to pay the Company $_____, the estimated cost difference between the requested underground service and the overhead service that would otherwise have been installed including and, if the Company has previously provided an overhead service to the Applicant's point of delivery, the cost of removal, less the salvage value of the existing overhead service.

The Company agrees to provide all labor and material to install the conduit and cable from the Company's overhead facilities to the Applicant's service entrance facilities. Credit may be given for trench and backfill if provided by the Applicant upon agreement between the Company and the Applicant. The Applicant must execute the necessary self-install agreement documents provided by the Company.

The Applicant shall remove or cause to be removed, at his expense, all trees, stumps, or any other obstructions and shall establish finish grade along the trench line prior to installation of the underground service. The Applicant is responsible for providing all landscaping, landscaping replacement, and repair to any sidewalks, driveways or piping or other above ground or underground facilities (installed before this requested service work is completed) that may be damaged in any way as a result of the underground installation. Any repair or landscaping performed by the Company will be at the additional expense of the Applicant. The Applicant will provide for a timely and orderly installation of all underground facilities at this location and will be responsible for the location of all underground facilities in the area of this work before any construction begins.

By signing this agreement, the Applicant agrees to allow, and grants an easement for, the Company and its contractors rights of ingress and egress necessary for the construction, operation, and maintenance of its underground electric distribution lines and other equipment.

Nothing in this agreement shall be construed or have the effect of vesting in the Applicant any right, title or interest in or to any underground distribution facilities, all of which shall be and remain the property of the Company.

This agreement shall be binding upon the successors or legal assigns of either of the parties hereto.
